FROM THE PRESIDENT AND VICE PRESIDENT

Well everyone the heat is on, we have been having a pretty warm summer already and that means more shop time for a lot of us.

Last month's demo of a lidded box by Bruce Hoover was great, he showed us different techniques for turning the lids to match the base giving us more options to try ourselves.

The August demo will feature Keith Hughes, He will be doing a cosmic cloud. This is a technique using surface enhancement with iridescent paint spread by air brush. We are all looking to advance our skills to the new levels.

We had one visitor, Melissa Walter-DuCharme (Shawn's sister) that was here visiting from Washington.

We had some beautiful show and tell and most of those items moved to the raffle table and made for an exciting raffle.

SWAT is this month and will be an awesome event to attend, don't miss out...

We are more than halfway through the year and Christmas is just a few months away, get started on your Christmas ornaments for the contest and show everyone your creations.

Reminder, Chris needs the pens from the people that said that they would make them from the wood we received from Mr Rousch.
